

## Product Quality

Versacryl® Coatings provide the following performance benefits to ensure years of beautiful and durable service:

- Exceptional 10 year color stability
- Will not provide a food source for mold, mildew and algae formation
- Stain resistant to common spills such as red wine, grease splatter and condiments
- Formulated to reduce surface temperatures for improved comfort
- Abrasion resistant to scuffs and mars
- Exceptional slip resistance when used on decks, docks and other walking surfaces
- Available in 5 colors allowing accented mix and match colors for railings, steps and other accent trims

Versacryl® Restoration Coatings are made in the USA.

*Over our 20 year history, Versacryl® has become the only long term system for providing homeowners and commercial customers the performance they expect. The combination of color selection, color hold, abrasion resistance, slip resistance, lower heat build-up, stain resistance and mold, mildew and algae resistance is exceptional.*

## Versacryl Restoration Solutions

Before

After

Before

After

**Versacryl Restoration Solutions (VRS) resurfaces faded, stained, deteriorated decks, steps, railings, docks, boardwalks, and fencing, to name a few. Anything built with WPC or vinyl.**

Versacryl is opaque and will cover your deck surface with a fresh uniform look, using any of our five specially formulated colors.

Versacryl is applied using two coat system. Most Versacryl coating projects take between 2 to 4 days to complete including preparation work. You can walk on Versacryl 24 hours after final coat is applied.

Heavy objects, such as tables, grills, umbrella stands, etc. can be returned to the deck surface five days following application of the final coat.

Versacryl coatings are specially engineered to provide years of dependable service as a long-term restoration alternative to the high cost of removing and replacing your weathered outdoor WPC or vinyl decking.

**To purchase:** Versacryl is sold directly to the buyer. It can be ordered from Versacryl and shipped directly to your location. Please contact us at:
